### IMPORTANT NOTES--read before you order!

- Grade 3 may use either the *Funbook* or the upper level course. If the student does not read well and is not ready for a chronological history study, use the *Funbook*. Most third graders do well with the upper level course.
- The Student Booklet contains text, maps, state symbol pictures, quizzes, tests, answer key, and a state constitution study guide. The same Student Booklet is used for Grades 3-12. The difficulty level is easily adjusted using instructions and optional assignments in the Master Lesson Plan Book. Students will cut apart the Student Booklet and use the text, maps, and state symbol pictures to make a project notebook.
- The project notebook for our grade 3 – 12 course may be made in a 3-ring binder or in A Beka Book's pre-formatted *My State Notebook*. Creating a notebook in a binder allows flexibility in content and teaches organizational skills. For Grades 3-8 we recommend the use of *My State Notebook*, as this allows the student to focus on the content and still construct a beautiful notebook.
- The Master Lesson Plan Book contains lesson plans for both of the project notebook options and instructions that adapt the course to your desired grade level (grades 3-12). It also correlates the teaching of combined grade levels, including the *Funbook*. The basic 30 lessons may be done in 6 weeks or expanded to your preferred course length using simple instructions in the Master Lesson Plan Book. Instructions are also given for continuing study if you wish to teach the same student again in a later grade level. The Master Lesson Plan Book also contains a 10-Day Plan (perfect for a concentrated summer course or a support group), our Six-Week Independent Study Guide, and our One-Semester Independent Study Guide (for individual students in grades 9-12). **If teaching more than one level, order only one Master Lesson Plan Book. The Master Lesson Plan Book is a necessary part of this course.** The Student Booklet alone will NOT provide you with a complete course.
- Older lesson plan editions that may still be used include the green booklet entitled *Lesson Plans (2001 or later)*, the *Six Week Independent Study Guide*, and the *One-Semester Independent Study Guide*. If you have a blue or cream-colored lesson plan book, please order a new one.

### A Helping Hand

We now carry an EXCELLENT church history book and a corresponding student workbook!

**Sketches from Church History** by S.M. Houghton is a 245-page, illustrated discussion of the events and people who have been instrumental in the formation and preservation of Christianity. It is written from the Protestant perspective and begins with the early church. It chronicles the spread of the Gospel and the development of Biblical understanding in Europe and then in America. This is an exciting and inspiring book written in an interesting style appropriate to middle school or high school students. It would be a great choice for a book report book, or it can be used as a one-semester history and/or Bible elective using the workbook described below. Parents, you will also want to read this book and add a copy to your own library!

**Sketches from Church History Student Workbook** by Rebecca Frawley provides worksheets for the student to fill in as they read through the textbook and three tests over the material that is covered. Included in the workbook is a schedule for using the materials as a one-semester course (18 weeks, 3 classes per week). Includes timelines and answer keys for worksheets and tests.
