February 10, 2009

Dear Valued Customer,

This letter is being sent in response to your request for information pertaining to D&K's compliance with the recent Consumer Product Safety Improvement Act (CPSIA) initiative.

D&K Group, Inc. and its subsidiaries, including D&K Coating Technologies and D&K International, do not knowingly or intentionally add lead or any other heavy metals (including antimony, arsenic, barium, cadmium, chromium, mercury, and selenium) to any products, including laminating films and adhesives.

Phthalate ethers, including DEHP, DBP, BBP, DIDP, DnOP, DnHP, and DEP are also not known to be present in D&K products in concentrations above the current CPSIA limit of 0.1%.

D&K Group, Inc. is currently working with accredited third party laboratories to develop CPSIA-compliant certificates of conformity based on product testing. D&K will make every effort to provide our clients with these certificates as soon as laboratory results are available. We appreciate your patience and continued business during this time.

Sincerely,

D&K Quality Assurance Department
D&K Group, Inc.
