**IMPORTANT NOTES--read before you order! \*\*OUR MATERIALS ARE COPYRIGHTED AND MAY NOT BE DUPLICATED\*\***

1. **Grade 3** may use either the *Funbook* or the course built around *My State Notebook*. If the student does not read well and is not ready for a chronological history study, use the *Funbook*. Most third graders do well with *My State Notebook*.
  2. The same **Student Booklet** is used for **Grades 3-12**. The difficulty level can be easily and even individually adjusted using instructions and optional projects given in the Master Lesson Plan Book. Students will cut apart the Student Booklet and use the text, maps, and state symbol pictures as the basis for making a project notebook. **Quizzes, Tests, and Answer Key** are in the back of the Student Booklet, along with an optional study guide on your state constitution and a test on the constitution.
  3. The **project notebook** for our grade 3-12 course may be made in a 3-ring binder (to be provided by the student) or in A Beka Book's pre-formatted *My State Notebook*. Creating a notebook in a binder allows flexibility in content and teaches organizational skills. **For Grades 3-8 we recommend the use of *My State Notebook***, as this allows the student to focus on the content and still construct a beautiful notebook. **Our materials are compatible with either the 1997 edition or the 2008 edition of *My State Notebook*.**
  4. The **Master Lesson Plan Book** contains lesson plans for both of the project notebook options and for all grade levels (3-12). The basic 30 lessons may be done in 6 weeks or expanded to your preferred course length using simple instructions and optional assignments in the Master Lesson Plan Book. Our Six-Week Independent Study Guide and our One-Semester Independent Study Guide are included in the Master Lesson Plan Book (recommended for individual students in grades 9-12). For use in a classroom setting, permission is granted to photocopy ONLY the Independent Study Guides for distribution ONLY to one teacher's students (each teacher must purchase a separate copy). If you are teaching more than one level, order only one Master Lesson Plan Book. **The Master Lesson Plan Book is a necessary part of this course. You DO need our lesson plans even if you already have A Beka's 4th grade history curriculum or DVD teacher guide.**
  5. **Older lesson plan editions that may still be used** include the green booklet entitled *Lesson Plans (2001 or later)*, the *Six Week Independent Study Guide*, and the *One-Semester Independent Study Guide*. If you have a blue or cream-colored lesson plan book, please order a new one.
- 1) **Prices below reflect a 20% discount on all items except *My State Notebook*.** To obtain a discount price on *My State Notebook*, please order directly from A Beka Book.

**TESTIMONIALS FROM TEACHERS WHO HAVE USED OUR COURSE:** "The lesson plans are easy to follow. It is laid out well so students know what is expected and can be prepared for upcoming pages. The student booklet relates well to the A Beka state history book and saves time and effort for both students and teachers. The pre-made tests are an asset which assures that appropriate material is taught." --a teacher in Indiana "After more than five years of teaching fourth grade in private Christian schools, I finally found the state history materials I had been seeking. Sorting through and organizing all the wonderful materials available on Texas history was time consuming and frustrating. I never felt it was "right" for my fourth graders. Joy Dean's materials are great! The facts and information are presented in a clear and concise manner. My students enjoy cutting out and gluing the materials into the Abeka (sic) state notebooks." --a teacher in Texas "Your suggestions within the curriculum to add reports or to do in-depth study on a topic helps (sic) the teacher to create a more challenging experience for his or her students that have the time and interest and yet can also be simplified when needed. Since using the Indiana History curriculum you have designed, I feel I have a well-organized format with which to work to attain the goals that I have for my class." --a teacher in Indiana
