Why should I enroll my child in GodStrong Personal & Professional Development?

I am excited to bring my experience as a Certified Christian Coach, human resources professional, and training program manager to help your graduating senior identify how God is equipping them to fulfill His purpose through their life. As their *course instructor*, I will encourage them to identify their ultimate life purpose – to use their personal and vocational callings as an opportunity to reflect the unique spiritual understanding God has given them through His providential ordering of their lives. I will introduce them to tools and practices that will increase their ability to manage themselves and lead others. As their *coach*, I will help them see their personality as His fingerprint, their strengths as His roadmap, and their life experiences as His guiding hand. **Upon completion of this course**, your student will have clarified their personal core values, created a Life Purpose Vision, identified life or career paths for which they are uniquely suited, and learned personal and professional development strategies that will benefit them for the rest of their lives.
